

## ♎ Weekly Horoscope for Libra

5th January 2009 – 11th January 2009

### Rita Ann Freeman's Weekly Horoscope:

**Private Life:** ✨

**Money and Professional Matters:** ✨

#### Family:

Spending tons of effort, time, love and money are likely this week, especially near the more demanding issues of the 6/7th and 10/11th. Entertaining guests and pouring effort in 'supporting' or routing for members is likely. A beautiful find near the 10th may be a bargain too good to pass up and enhance family life so much that you feel the sacrifice is almost a necessity.

#### Love:

Romance does very well with lots of discussions likely and some impressive progress as an end result, especially where matched to Aquarius, Pisces, Gemini, Virgo and Cancer. Matches with Capricorn, other Libra, Aries or Taurus may not go as smoothly and may focus around 'money problems' that they most likely have. Single Scales may get supper lucky near the 5/6th, 9th and 11th. Read the weekly partner horoscope...

#### Friendship:

Friends may need a small 'rescuing' favor and if it is money and not too much, you may pitch in. Most likely it will be some kind of 'lend a hand' saving of a butt who it over their head in duty, overwhelmed by problems they are baffled and unable to clearly see/solve.

#### Career:

This week can be super in career if you are self employed, work on commission or in a family business but for those of you in traditional 'multi-level' corporate companies the changes that go on over head may sake things up and roll down hill to you. Hang on and get as much done as you can this week. Those of you with Capricorn, Cancer, Virgo or Pisces bosses/owners may find the next few weeks rather challenging.

#### ☀ Weekly Overview by Deborah Browning ☀

This week's scenario is highlighted by your ability to accept others misgivings honestly. The attention you receive will be encouraging rather than distracting. Your judgments could play a big role in their lives. A high level of confidence will announce to others that you're ready to get down to business. Communicate your intentions clearly from the very beginning. The secret to your success will lie in finding a compatible partner to bounce off of. If you continue to argue on every point, then you may need to look elsewhere. You need to know when you're wrong and when to admit it. Accepting a defeat or a setback with grace will make a bad moment much shorter. You may never want this to happen again, but if it does, you'll be better prepared to handle it.
